PROJECT NEWS

It has been a busy time as we roll out a number of different projects with recent funding successes.

- ➔ The Town App has undergone a transformation. Time will be spent in the next couple of weeks updating content. If you would like to add anything for your business listing, please let us know.
- ➔ Hanging baskets have arrived and are being installed over the next few days – with new lamppost baskets for Plymouth Rd.
- ➔ The new town guide is out. 20,000 copies are with Westward Distribution and the remaining 10,000 available locally. If I have not yet visited with your copies, please feel free to collect yourself from Hansford Bell on West Street.
- ➔ The first of our Visitor Reports have arrived, showing a large proportion of visitors from the M4 corridor - Reading and Guildford particularly. We have developed some new branding – looking at the outdoor market as well as families – which will be going out in these areas.

TOWN MERCHANDISE

Our first official consignment of Visit Tavistock merchandise is on its way. We will have pens, fridge magnets, mugs, jute shopping bags and tea towels. Designs feature our very own bespoke illustrated map and we think it looks great! We are looking for businesses to stock this merchandise and to be part of this exciting new development. Stock would be passed to you at cost with a RRP given for each item, to ensure consistency around the town. Get in touch if you are interested. Images will be uploaded to the BID website:
